DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John W. Fitzpatrick on 9-14-04.

The application has been amended as follows:

In claim 17, line 11, "reprogramming" has been replaced with --programming--.

The change has been made to correct minor typographical error.

Allowable Subject Matter

2. Claims 1-18 are allowed.
3. The following is an examiner's statement of reasons for allowance: it is agreed that the prior art of record fail to teach or suggest, alone or in combination, the limitations: "an input of the unity gain buffer being a voltage at one of a source and a drain of the transistor during a programming stage, wherein the unity gain buffer reproduces the voltage during a reproduction stage" in a manner claimed in claims 1, 9, 11, 12, 13 and 14; "a voltage of a connecting node between the first path and the second path being substantially constant during the reproduction stage and the programming stage" as claimed in claim 16; and "during the reproduction stage, reproducing a voltage at a connecting node between the first path and the second path, the voltage being stored as a voltage of the connecting node during the programming stage" as

Art Unit: 2821

claimed in claim 17. The preamble has been incorporated into the body of the claims because it "breathes life into the claims." It is for these reasons in combination with all the other limitations in the independent claims 1, 9, 11, 12, 13, 14, 16 and 17, that claims 1-18 are allowed.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
